THE CAPE COUNTY HERALD, CAPE GIRARDEAU, MISSOURI, JUNE 28, 1918

NUMBER 32

ORDER IN WHICH NEXT DRAFT MEN GO DETERMINED

**Colored Youth Of Jackson Is
First One's Number
Drawn**

SECRETARY BAKER BEGAN BIG LOTTERY

Registrants Affected By Yesterday's Drawing May Be Called In Near Future

The drawing of the numbers of the registrants of this year was carried out in the same manner as was the procedure a year ago. Secretary of War Baker drew the first number from the box, in which the numbers were kept.

The first number drawn in Washington was held in this county by a colored youth, Dewitt Rollins, who registered at Jackson. Only 208 of the numbers drawn at Washington applied to this county for the reason that this was the number of registrants.

In selecting these men, it is the general opinion now the same course will be pursued as was in previous calls. The men will be called for a physical examination after sending in their questionnaires and receiving their classification by the local board. They will not be called into service however, until the present Class One A has been drafted into service.

Below appear the names of the registrants of this county giving them in the order in which their number was drawn in Washington:

TWO PHYSICIANS OF CAPE NAMED ARMY CAPTAINS

**Drs. Porterfield and Wilson
Accepted For Medical
Corps**

SEVEN PHYSICIANS OF CAPE NOW IN SERVICE

**Others Have Applied For Commissions-Cape County's
Quota Is Nine**

Drs. John D. Porterfield and E.H.G. Wilson, both of this city, have been notified by the surgeon general of the United States that they have been commissioned captains in the medical department of the national army. They will receive their commissions probably in six weeks or two months with an order to report for duty. They will probably be assigned to a camp hospital before being sent to France for duty behind the firing lines.

With these two physicians commissioned as officers in the medical corps Cape Girardeau County has already furnished seven physicians for the medical department of the army. The county's quota is nine. Several others have already made application and have been examined, but have not yet been notified whether they will be accepted.

Dr. Wilson sent in his application for a commission in the medical corps about six weeks ago, while Dr. Porterfield applied last winter. Both were required to go to St. Louis for a physical examination. Dr. Wilson is one of the physicians appointed to examine the applicants for the medical corps.

Dr. Porterfield enjoys the reputation of being among the most accomplished surgeons of Southeast Missouri. He has performed a number of operations that have attracted wide attention, and is expected to make a splendid record as an army surgeon.

Dr. Wilson is one of the most promising young physician of this city. He has been active in government work since the beginning of the war. Besides being examining physician for the medical officer applicants, he was one of the examiners of this county for the medical advisory board of this county.

LADIES MAKE GOOD IN SAVINGS WORK

County Chairman Not Yet Certain That Quota Has Been Reached.

The work of the women and the response they are getting in the War Savings canvass are very gratifying, according to S. T. Neely, county chairman of the War Savings Committee.

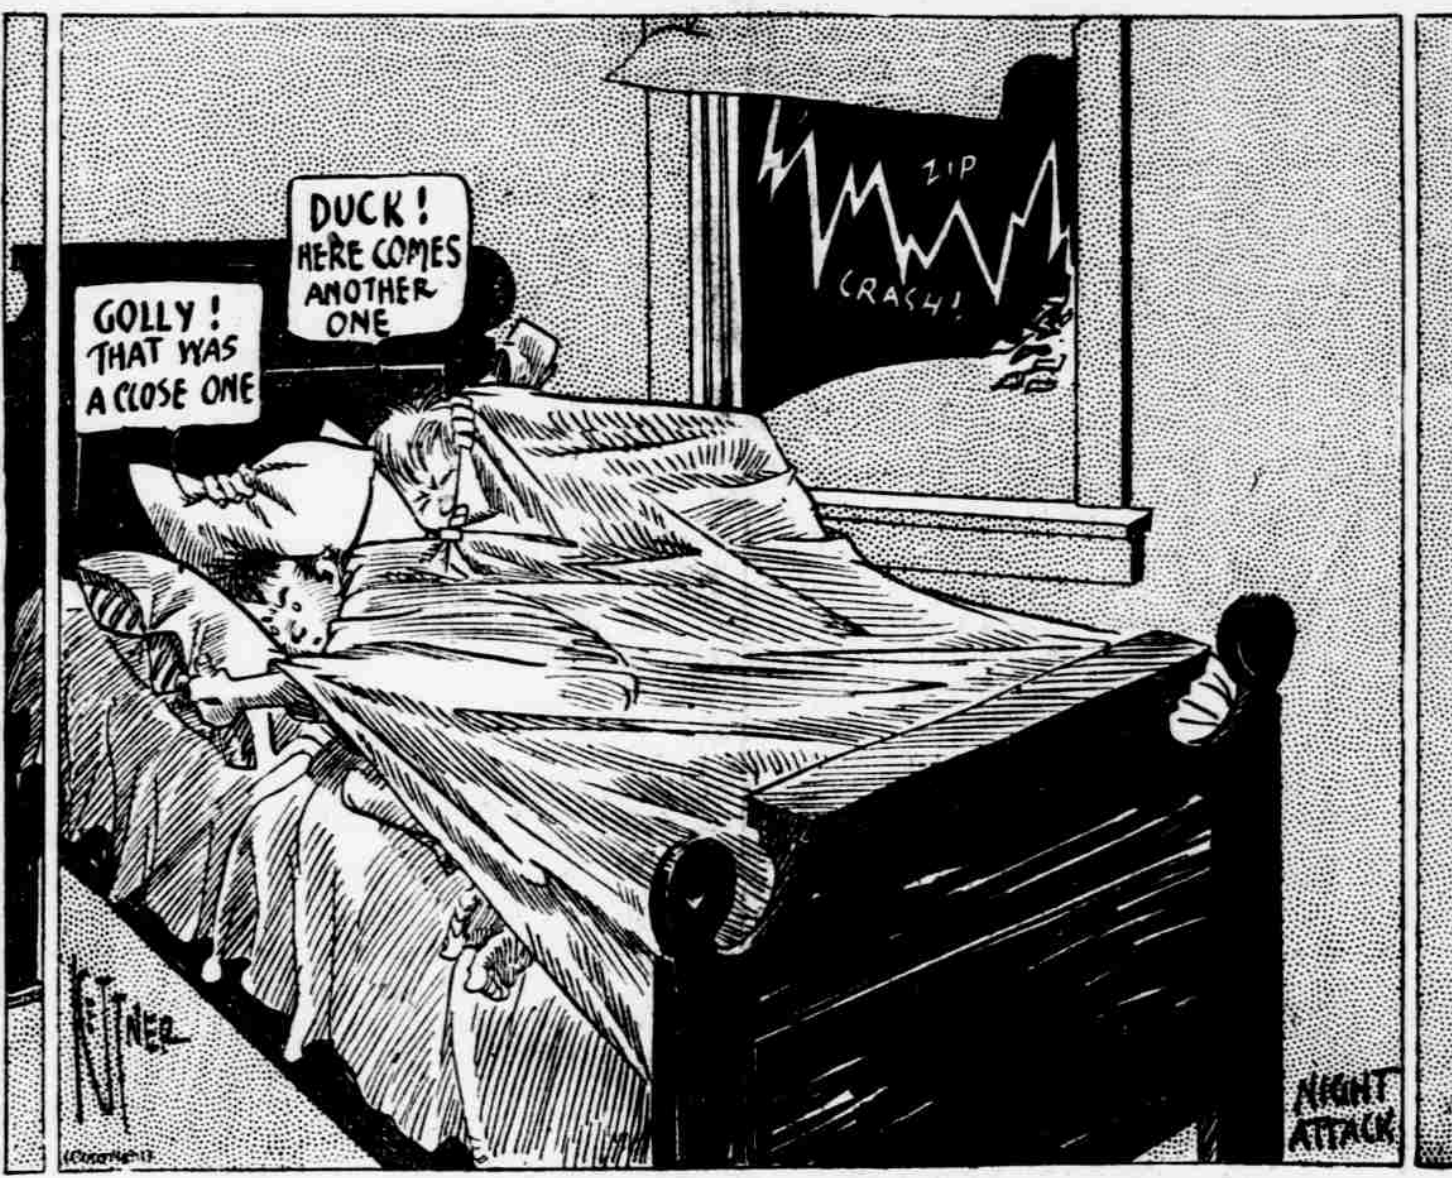

Definite figures cannot yet be given to show how near Cape Girardeau is to her quota of \$250,000, of which only \$87,000 was taken during the first half of the campaign.

In order to know where the government stands, it is necessary to know how many stamps each person already owns. In some cases people have refused to answer this question going on the old-time presumption that "This is my business and what's my business is nobody's else business."

The chairman of the county War Savings Committee received an official appointment from the Secretary of the Treasury to deputize such people as he sees fit to do the work that the government needs to have done in this campaign. The women canvassers are consequently duly authorized agents of the United States government, duly authorized to ask answers to the questions on the pledge cards.

"There is no reason," Mr. Neely says, "for anyone refusing to let his government or the people that make up and control that government know how many government bonds or stamps he owns unless it is because he doesn't own enough of them. Answers to this question will be insisted upon as something due the government and the public."

THRIFT DAY WILL BE OBSERVED TODAY

**S. T. Neely Will Address 700
Students at the Normal on
The Work.**

Thrift Day will be observed today at the Normal School, and in many of the factories in town.

Mr. S. T. Neely, county chairman of the War Savings Committee, will speak to the 700 prospective teachers at the Normal on how they can help in the government thrift and war savings campaign.

The fact that Liberty school, the rural district that furnished the winner of the county rural school Thrift Stamp essay contest, was the first district to go "over the top" seems to show that the patriotic work of the school and community go hand in hand.

Foremen of the factories were seen yesterday by the women and asked to get pledges from their men today in order that all may have an opportunity to respond to the President's call.

MAN WHO ATTACKED FOLK IS INDICTED

**Ignatius Bauer of St. Louis To
Be Tried For Anonymous
Attack.**

St. Louis, June 27.—Ignatius J. Bauer, a Republican deputy sheriff and secretary of the Retail Liquor Dealers' Association of Missouri, was indicted by the grand jury late yesterday on a charge of distributing anonymous political literature attacking the candidacy of Joseph W. Folk, candidate for the Democratic nomination for United States Senator, it became known today.

Judge Davis issued a bench warrant and Bauer was arrested today in the sheriff's office. He gave bond for \$200. When court opened in Division No. 2, Court of Criminal Correction, to which Bauer is assigned as deputy sheriff, he was present. Sheriff Weinbrenner was not at the Municipal Courts and his son, Chief Deputy Sheriff Weinbrenner, said his father would have to decide whether Bauer would be relieved from his post pending trial.

Bauer's indictment was under the act of October 6, 1917, of the general assembly of Missouri, making it unlawful to distribute anonymous circulars, pamphlets, etc., attacking candidates for office. The bill was introduced in the lower house by Harry B. Hawes of St. Louis.

The anonymous circular, of which 5,000 were ordered printed, was headed, "Who Put Missouri on the Bum? Jos. W. Folk." The attack was directed against Folk's supposed action in enforcing the "blue laws" and his supposed friendliness to prohibition.

BANKERS DISCUSS NEW CHINA FACTORY

**Will Decide Today What Steps
To Take to Induce Company
To Locate Here.**

A meeting of the presidents of the banks of this city was held yesterday afternoon at the executive offices of the Commercial Club for the purpose of considering the financing of the American China Co., which expects to establish a factory in or near this city within a short time. A definite decision in this matter will be reached this afternoon when the bankers meet again.

The purpose of the meeting was primarily to discuss whether any funds should be raised for the initial expenses of bringing the factory to this city. It is customary, members of the Commercial Club who are sponsoring the new enterprise, say, to offer some financial inducements for an outside firm that wants to locate a branch factory here.

According to the information that has been sent to the Commercial Club, the china factory will employ at least 200 men and women. Cape Girardeau is considered a favorable location for the factory for the reason that the material required for the production of the chinaware is said to be in the immediate vicinity of this city.

No site has as yet been selected for the new factory, but it has been suggested to erect the building immediately south of the city where a number of other factories have been in operation for years.

ALBERT SAYS HE WILL NOT BE CANDIDATE

**Commercial Club Secretary As-
serts He Never Was And
Won't Be in Politics.**

Harry L. Albert yesterday denied that he had any aspirations for the State Legislature as representative of Cape Girardeau County. While he admitted that he had been approached by some Democrats of the county with a view of becoming a candidate at the next election, he said he would not run.

He dictated the following short statement: "I never was in politics, and am not in politics now and never expect to be in politics."

The County Committee will meet shortly after August sixth to select the Democratic nominees for the fall election. Some of the leading Democrats suggested that Albert be placed on the Democratic ticket as a candidate for State representative, but he said he would not run under any circumstances.

SQUAD OF MARINES TO BE HERE JULY 4

**Will Participate in Homeguards
Big Celebration at Fair-
grounds Park.**

A squad of United States marines or probably more, will be sent here to join in the big celebration of July 4, Harry L. Albert, secretary of the Commercial Club, was notified in a telegram from Lieut. Turin, in charge of the recruiting work in the St. Louis district. The telegram came in response to a letter written to Lieut. Turin by Albert asking that at least a squad of marines be here for the big celebration.

Sen. Willey of St. Louis will be the principal speaker on that day. He has assured Capt. Allen Oliver of the Home Guards Company that he would be here to address the big meeting in the afternoon.

A petition is now in circulation and is being signed by all merchants urging that all stores in the city be closed July 4 and that all business men join in the celebration to make it the greatest patriotic event of the year.

The new band recently organized by Dr. C. E. Schuchert will also participate in the celebration and lead the parade to the Fairgrounds Park.

BEGIN REBUILDING ROCK LEVEE BRIDGE

**Span Across Diversion Channel
Not Likely to be Finished
For Weeks.**

The reconstruction of the temporary bridge across the big diversion channel on the Rock Levee Road has been started following the completion of the temporary span across the Dutchtown road near Blomeyer. Several teams and a gang of workmen have been hauling the piling for the bridge. It is believed the temporary structure will not be completed within less than two or three weeks.

Owing to the shortage of help the work is progressing slowly. A bridge has been put over the small ditch the Vogelsang Bros. Construction Co. that has a contract for furnishing the rock for the Rock Levee Road.

The temporary bridge across the drainage channel below Dutchtown was completed about a week ago, but traffic has been permitted to cross the bridge more than two weeks. The reconstruction of this bridge was begun first for the reason that the work would require two weeks less time, and it was the endeavor of the county officers to re-establish a connection with Scott County.

600 AUSTRIANS TAKEN IN DRIVE IN NORTH ITALY

**London Reports That Italians
Continue Their Gains On
Piave**

ASSASSINATION OF CZAR STILL IN DARK

**Submarines Again Terrorize U.
S. Waters-Kaiser Furious
Over Peace Talk**

LONDON, June 27.—The Italians today continued their gains, capturing 600 Austrians in one sector. Near San Dona di Piave the Italians crossed the river driving back the enemy who fled in great disorder. On the lower Piave activities have been most violent during the day.

LONDON, June 27.—Italian activity continues on the whole front, it was learned authoritatively today. Gen. Diaz is consolidating his positions and regrouping his forces. The Italians buried 14,000 Austrians in two salients on the west bank of the Piave.

ITALIAN ARMY HEADQUARTERS IN ITALY, June 27.—Not a single Austrian soldier now remains on the west bank of the Piave. The last groups have surrendered, one beyond Musile, where the Italians bombed the Austrians' seven machine guns, and the other at Chiesan-Vova, where 1500 prisoners were taken. The Italians recaptured their lost guns and ammunition, but all food, clothing and other stores were gone.

PARIS, June 27.—An agency dispatch from Kieff, the way of Basle, today purported to confirm the assassination of the former czar in Ekaterinburg.

WASHINGTON, June 27.—Rumors that the czar has been assassinated reached the State Department today through Swedish press reports. These quoted the Soviet government as saying that the reports need confirmation.

AMSTERDAM, June 27.—Grand Duke Michael is heading an anti-revolutionary movement in Turkestan in favor of severance from Russia according to a Moscow dispatch received today via Berlin.

LONDON, June 27.—The kaiser was furious when he learned of Foreign Secretary von Kuehlmann's speech to the Reichstag and immediately sent him a severe telegram, said a Central News dispatch from Amsterdam today.

German politics has been boiling since the speeches of Chancellor von Hertling and the German foreign secretary have become public.

Many calls for the resignation of the foreign secretary have been made since he has incurred the enmity of Gen. von Ludendorff.

The Deutsche Zeitung prints warm comment on von Kuehlmann's speech calling him a "defeatist, a traitor and an ally of the international socialists."

WASHINGTON, June 27.—Further consideration of the suffrage will not be taken up in the senate until the army bill has been disposed of. This was brought about late this afternoon when Senator Jones withdrew his motion that the senate take up the amendment instead of unfinished business. The withdrawal interrupted a two hour speech by Senator Reed, speaking against the motion.

Before galleries filled largely with women the senate had voted almost unanimously to take up the resolution.

Indicative of the interest in the vote, 81 senators were on hand to answer to their names.

AN ATLANTIC PORT, June 27.—Passengers arriving here today on a Canadian steamer reported their vessel picked up S. O. S. calls from two ships being pursued by submarines, 250 to 300 miles off the American coast Tuesday.

The first message was sent out by an unidentified steamer which report-

PROHIBITION BILL WOULD MAKE U.S. "DRY" IN A YEAR

**Manufacture Of Beer To Be
Stopped 3 Months After
Bill Passed**

SENATE COMMITTEE FAVORS MEASURE, 8:3

**Wine And Whiskey Would Be
Barred By Bill After
June, 1919**

WASHINGTON, June 27.—The entire prohibition question will be fought out on the floor of the senate. The Agricultural Committee, by a vote of 8 to 3 today incorporated in the agricultural appropriation bill, as a substitute for the Jones amendment another drafted by Senator Norris, which prohibits the sale of whiskey or wine, or the manufacture of wine, in the United States, after June 30, 1919. It also provides that the manufacture of beer in the United States shall cease three months after the passage of the bill.

The Norris substitute is regarded as a concession to financial interests of the country. Representatives of banking interests told the committee it is estimated there in \$500,000,000 worth of whiskey in bond in the country on which they have paper valued at \$250,000,000.

If the sale of this whiskey should be summarily stopped, they contended, it would force into bankruptcy a number of banks that have loaned heavily on it.

Senator Gore, chairman of the agricultural committee, plans to report the agricultural appropriation bill, to which the prohibition legislation is attached, tomorrow.

TROOP TRAIN PASSED THROUGH CITY EARLY THIS MORNING.

**Train With 15 Coaches Takes Draft
Men to Southern Training
Camp.**

A special train with 15 coaches passed through the Cape early this morning shortly before 2 o'clock. It contained several hundred draft men, among them a great number of soldiers in uniforms, all from St. Louis. They were said to be on their way to Camp Pike, Ark.

The boys were in high spirits displaying great eagerness to get to the camp and get ready for the big battles in Europe. Banners denouncing the kaiser and reflecting the many intents of the young soldiers when they reach France decorated the coaches.

ed being shelled. The second from a steamer giving its name as the Beaver, declared it was returning the U.S. boat's fire.

Incoming steamers report a strange craft, low lying and armed with five inch guns, between 150 and 200 miles off the Virginia Capes.

WASHINGTON, June 27.—Irkutsk one of the chief Siberian cities, has been captured by Czech-Slovaks after a short fight with the Red Guard. Swedish press reports brought this information to the state department today.

WASHINGTON, June 27.—Gen. Pershing has selected a regiment now in France for service in Italy.

PARIS, June 27.—German airplanes raided Paris again last night, despite unfavorable weather. Bombs were dropped and some damage was done. The warning was sounded at 11:20 o'clock and the all clear signal was given at 1:35 this morning.

WASHINGTON, June 27.—Eighty casualties in the American expeditionary forces were announced today, divided as follows:

Twenty-nine killed in action, 6 died from wounds, two from disease, two from airplane accident, four from accident and other causes, 31 wounded severely four wounded, degree undetermined, and two missing in action.
